April Zammas

Graphic & Production Designer · Brand, Web & Email Systems · AI-Assisted Design

Fredericksburg, VA · (571) 641-0383 · aprilzammas@gmail.com · Portfolio: www.stemcreative.com

Summary

Designer with 20+ years across brand, marketing, web, and email, and a rare technical edge from four years as a Senior Software Engineer at Capital One. Known as the team member who bridges creative execution, technical systems, and platform management: self-teaching complex tools, building repeatable systems, and training others to use them. Works with AI daily (Figma, Lovable, ChatGPT, Claude, Adobe Firefly) to design, prototype, and ship faster without sacrificing craft.

Experience

Installation Made Easy, Inc. (IME) · *Graphic/Production Designer, Marketing* · Remote · April 2023 – Present

- In-house subject matter expert for Salesforce and SendGrid email; owns how marketing builds, maps, and deploys email at scale across multiple retailers and business units.
- Implemented a new SendGrid marketing email program: migrated key content from Salesforce, built templates, tested designs, and set up sender profiles for each retailer.
- Established a new Salesforce business unit for Lowe's, migrating content and configuring sender authentication with IT and deliverability teams.
- Developed brand guidelines for Lowe's, BJ's, IME, RONA Home Services, and Confident Remodels.
- Designed and launched new sites for Confident Remodels and BJ's; built static Umbraco landing pages and campaign assets for multiple retailers.
- Produced promotional materials, emails, and signage for Ace Hardware, BJ's, CCA Global, Northern Tool, Sam's Club, and Wayfair, plus mock-ups for new programs.
- Created reusable templates, email matrices, and developer documentation that cut manual effort and reliance on outside consultants.
- Learned Figma and Webflow on the job; trains marketing and external teams on tools and processes.
- Rated Exceeds Expectations in 2025 review; recognized as an operational backbone of the marketing team.
